Paper 1 **19 September 2025**

3 hours

Additional Materials: 1 Insert

READ THESE INSTRUCTIONS FIRST

An answer booklet will be provided with this question paper. You should follow the instructions on the front cover of the answer booklet. If you need additional answer paper ask the invigilator for a continuation booklet.

The Insert contains all the Resources referred to in the questions.
You should make reference to appropriate examples studied in the field or the classroom, even where such examples are not specifically requested by the question.
Diagrams and sketch maps should be drawn whenever they serve to illustrate an answer.
You are reminded of the need for good English and clear presentation in your answers.

The number of marks is given in brackets [ ] at the end of each question or part question.

Section A

Answer **both** questions.

Cluster 1: Development, Economy and Environment

1 Resource 1 shows GDP* and growth rates of ASEAN member states in 2021. Resource 2 shows service sector employment and mortality* rates of children under 5 for ASEAN member states in 2021. Resource 3 shows the percentage share of total imports and exports of goods by ASEAN member states in 2021. Resource 4 shows the spatial structure of vehicle production, exports and sales by Toyota, a transnational corporation (TNC).

(a) Citing data from Resource 1, compare the ranking of GDP and growth rates shown in the two tables. [4]

(b) Cite data from Resource 2 to describe the levels of development of ASEAN member states. [5]

(c) Cite data from Resource 3 to describe ASEAN member states' percentage share of total imports and exports of goods. [6]

(d) With reference to Resource 4, explain how Toyota's spatial structure shows the interconnectedness of the world. [5]

(e) In what ways can multilateral institutions like ASEAN influence the operations and locational decisions of TNCs? [6]

(f) Explain the influence of TNCs on labour. [4]

Cluster 2: Tropical Environments

2 Resource 5 shows the climograph of Hat Yai (7°N), Thailand. Resource 6 shows the mean long-term location of the ITCZ over Thailand. Resource 7 shows a scene in Jeddah (21.5°N), Saudi Arabia. Resource 8A shows the difference from average winter-spring rainfall in Australia for moderate-strong El Nino events. Resource 8B shows a map of Australia.

(a) Citing data from Resource 5, describe the climate characteristics of Hat Yai, Thailand. [4]

(b) With reference to Resource 6, explain the climate characteristics of Hat Yai, Thailand described in (a). [8]

(c) Explain the predominant factor that has led to the development of the landscape shown in Resource 7. [3]

(d) Citing data from Resources 8A and 8B, describe the difference from average winter-spring rainfall in Australia for moderate-strong El Nino events. [4]

(e) Explain how El Nino impacts rainfall in Australia as shown in Resource 8A. [6]

(f) Explain how La Nina affects climatic conditions in Australia. [5]

Section B

Answer **either** question 3 **or** question 4 and answer **either** question 5 **or** question 6.

Cluster 1: Development, Economy and Environment

3 'It is not possible to manage conflicts over transboundary water resources.' Evaluate this statement. [20]

4 Evaluate the assertion that states hold much sway over the operations of TNCs in host economies. [20]

Cluster 2: Tropical Environments

5 'Fluvial floods can be effectively managed by humans.' Evaluate this statement. [20]

6 'The presence of water is the most important factor influencing the movement of materials on slopes.' Evaluate this statement. [20]
