ANGLO-CHINESE JUNIOR COLLEGE

JC2 Preliminary Examination

Higher 2

GEOGRAPHY **9173/01**

Paper 1 **27 August 2026**

3 hours

Additional Materials: Insert
Cover Sheet
Answer Paper

READ THESE INSTRUCTIONS FIRST

You should follow the instructions on the cover sheet. If you need additional answer paper, ask the invigilator.
Write your index number and name on the work you hand in.
Write in dark blue or black pen on both sides of the paper.
You may use an HB pencil for any diagrams or graphs.
Do not use staples, paper clips, glue or correction fluid.

Section A
Answer **both** questions.

Section B
Answer **two** questions, **one** from each cluster.

Start your answer to each question on a fresh sheet of answer paper.

The number of marks is given in brackets [ ] at the end of each question or part question.

At the end of the examination, your answers should be separated and securely fastened into **3 bundles**. Attach the cover sheet on top of Bundle 1.

- Bundle 1: Cover sheet and answers to Question 1 and Question 3 or 4.
- Bundle 2: Answers to Question 2.
- Bundle 3: Anwers to Question 5 or 6.

Section A

Cluster 1: Development, Economy and Environment

1 Resource 1 shows the international labour flows by continent in 2020. Resource 2 shows the manufacturing employment as a percent of total employment from 1980 to 2019. Resource 3 shows the countries classified by income in 2023. Resource 4 shows the Apple iPhone Global Production Network (GPN).

(a) Using Resource 1, describe the pattern of global labour flows in 2020. [5]

(b) With reference to Resource 1, explain how labour flows lead to variations in levels of development across space. [6]

(c) Account for the changes in manufacturing employment for the countries shown in Resource 2. [6]

(d) Using Resource 3, describe the global distribution of countries by income in 2023. [4]

(e) Using Resource 4, explain how the Global Production Networks (GPNs) of Transnational Corporations (TNCs) like Apple connect places within the global economy. [5]

(f) Explain how the World Bank can influence Transnational Corporations' (TNCs) locational decisions. [4]

Cluster 2: Tropical Environments

2 Resource 5A shows the climograph of Bandung, Indonesia and Resource 5B shows the locations of Bandung and the Bengawan Solo River Basin. Resource 6 shows the effects of El Niño. Resource 7 shows the water balances of two drainage basins in the tropics. Resource 8 shows a meander bend of the Bengawan Solo River. Resource 9 shows a mudflow in Pasirlangu village, Bandung on 25 January 2026.

(a) Explain the rainfall pattern of Bandung shown in the climograph of Resource 5. [5]

(b) Explain how the atmospheric and oceanic conditions associated with El Niño can alter rainfall patterns in countries in the eastern and western Equatorial Pacific Ocean shown in Resource 6. [4]

(c) Compare the water balances of the two drainage basins shown in Resource 7. [4]

(d) With the aid of Resource 7, provide explanations for the differences in the hydrological pathways of the two drainage basins. [7]

(e) Explain the formation of the main features of the meander bend shown in Resource 8. [6]

(f) With the aid of Resource 5 and citing evidence from Resource 9, suggest factors that contributed to the occurrence of the mudflow shown in Resource 9. [4]

Section B

Answer **either** Question 3 **or** Question 4, and answer **either** Question 5 **or** Question 6.

Cluster 1: Development, Economy and Environment

3 'The rise of transnational corporations (TNCs) has led to increasing disparities in levels of development between different places.'

Evaluate this statement. [20]

4 'The extent to which sustainable development can be achieved is determined more by a country's economic capacity than by its political commitment.'

Evaluate this statement. [20]

Cluster 2: Tropical Environments

5 'Humans have little control over the occurrence of fluvial floods in the humid tropics.'

Evaluate this statement. [20]

6 Evaluate the role of geomorphic processes in the formation of karst landforms in the humid tropics. [20]
