Paper 1

9173/01

31 August 2026

3 Hours

Additional Materials: Insert

READ THESE INSTRUCTIONS FIRST

An answer booklet will be provided with this question paper. You should follow the instructions on the front cover of the answer booklet. If you need additional answer paper, ask the invigilator for a continuation booklet.

Section A
Answer **both** questions**.**

Section B
Answer **two** questions**,** one from each cluster.

The number of marks is given in brackets [ ] at the end of each question or part question.

Section A

Answer **both** questions.

Cluster 1: Development, Economy and Environment

1 Resource 1 shows the top 5 sources of FDI in ASEAN in 2022 and 2023. Resource 2 shows the ASEAN countries' trade in services. Resource 3 shows distribution of suppliers in Tesla's battery supply chain network.

(a) Compare the distribution of the top 5 sources of FDI in ASEAN in 2022 and 2023 as shown in Resource 1. [5]

(b) Explain two ways in which ASEAN can influence economic activities in the global economy. [4]

(c) Using Resource 2, describe the patterns of trade in services among ASEAN countries. [4]

(d) With reference to Resource 2, suggest possible reasons for variations in trade in services between Singapore and Vietnam. [6]

(e) With reference to Resource 3, describe the global distribution of suppliers in Tesla's battery supply chain network. [5]

(f) Explain how states can influence TNCs' operations. [6]

Cluster 2: Tropical Environments

2 Resource 4 shows the sea surface temperature deviations as a result of El Nino Southern Oscillation (ENSO). Resource 5 shows global precipitation impact during La Nina. Resource 6 shows precipitation anomalies in the Mekong Basin during El Nino years. Resource 7 shows the landuse map of Mekong Delta.

(a) Describe the patterns in sea surface temperature deviations during ENSO as shown in Resource 4. [5]

(b) Using Resource 5, describe the precipitation impact of La Nina globally. [5]

(c) Explain how the El Nino phase can result in changes in rainfall over tropical Pacific. [5]

(d) With reference to Resource 6 describe the pattern of rainfall anomalies in the Mekong Basin during the El Nino years. [4]

(e) With the aid of Resource 7, suggest how ecosystem services provided by deltas can be impacted by El Nino rainfall anomalies. [6]

(f) Explain the factors influencing the formation of deltas. [5]

Section B

Answer **either** Question 3 **or** Question 4 and answer **either** Question 5 **or** Question 6.

Cluster 1: Development, Economy and Environment

3 Evaluate the success of strategies to manage impacts of extractive industries on places. [20]

4 'Global capital flows have resulted in greater interdependence between places in the global economy.'

Evaluate this statement. [20]

Cluster 2: Tropical Environments

5 'Impacts of fluvial floods are mostly negative.'

Evaluate this statement. [20]

6 Evaluate the influence of weathering processes in the formation of karst landforms in the humid tropics. [20]
