NANYANG JUNIOR COLLEGE
Year 2 Preliminary Examination

H2 GEOGRAPHY 9173/01

Paper 1 15 Sept 2026

3 hours

Additional Materials: Insert

READ THESE INSTRUCTIONS FIRST

If you have been given an Answer Booklet, follow the instructions on the front cover of the Booklet.
Write your Centre number, index number and name on the work you hand in.
Write in dark blue or black pen on both sides of the paper.
You may use an HB pencil for any diagrams or graphs.
Do not use staples, paper clips, glue or correction fluid.
DO **NOT** WRITE ON ANY BARCODES.

Answer both questions in **Section A**.
Answer two questions in **Section B**, one from each cluster.

At the end of the examination, fasten all your work securely together.
The number of marks is given in brackets [ ] at the end of each question or part question.

Section A

Answer **both** questions.

Cluster 1: Development, Economy and Environment

1 Resource 1 shows two photographs depicting the educational infrastructure disparities in ASEAN. Resource 2 shows the employment share by sector in selected ASEAN economies in 1990 and 2022. Resource 3 shows the intra-ASEAN trade flows in USD billions alongside export and import shares. Resource 4 is an excerpt of a news article on poverty reduction and social disparities in ASEAN.

(a) Using Resource 1, describe the differences in the educational environments shown in Photo A and Photo B. [4]

(b) Account for the variations in the educational infrastructure across ASEAN member states. [4]

(c) Using Resource 2, compare the changes in the structural economic composition among the selected ASEAN countries between 1990 and 2022. [5]

(d) Using Resource 3, describe the patterns of trade flows among ASEAN member states. [5]

(e) Using Resource 4, explain how spatial variations in development operate at both the regional scale (between ASEAN countries) and the national scale (within a country). [6]

(f) Explain how uneven flows of capital and labour contribute to spatial variations in levels of development among ASEAN countries. [6]

Cluster 2: Tropical Environments

2 Resource 5 is a climograph of Vientiane, Laos. Resource 6 shows a satellite map of the Mekong River between Laos and Thailand (upper course of the Mekong River). Resource 7 shows the Mekong Delta in Vietnam. Resource 8 contains excerpts from articles of the state of the Mekong River Basin.

(a) Cite data from Resource 5 to describe the climate of Vientiane, Laos. [4]

(b) Using Resource 6, describe the channel features of the Mekong River. [4]

(c) Explain how the climate of the area shown in Resource 5 influences the channel features identified in (b). [6]

(d) Explain how fluvial and coastal processes influence the fluvial landforms shown in Resource 7. [6]

(e) Describe **two** ecosystem services provided by tropical deltas. [4]

(f) With reference to Resources 6 and 8, explain how upstream human activities can disrupt the ecosystem services provided by tropical deltas. [6]

[Turn over

Section B

Answer **either** question 3 **or** question 4 and answer **either** question 5 **or** question 6.

Cluster 1 Development, Economy and Environment

3 Evaluate the significance of the trade-offs associated with the use of solar power and hydropower. [20]

4 'Global Production Networks (GPNs) of Transnational Corporations (TNCs) yield predominantly negative impacts for host economies, but predominantly positive impacts for home economies.' Evaluate this statement. [20]

Cluster 2 Tropical Environments

5 Evaluate the extent to which fluvial floods in the tropics can be effectively managed. [20]

6 'Human activities on ecosystem services provided by karst landforms are always negative.' Evaluate this statement. [20]
