Resource 3 for Question 1

Extract of data collected from the survey

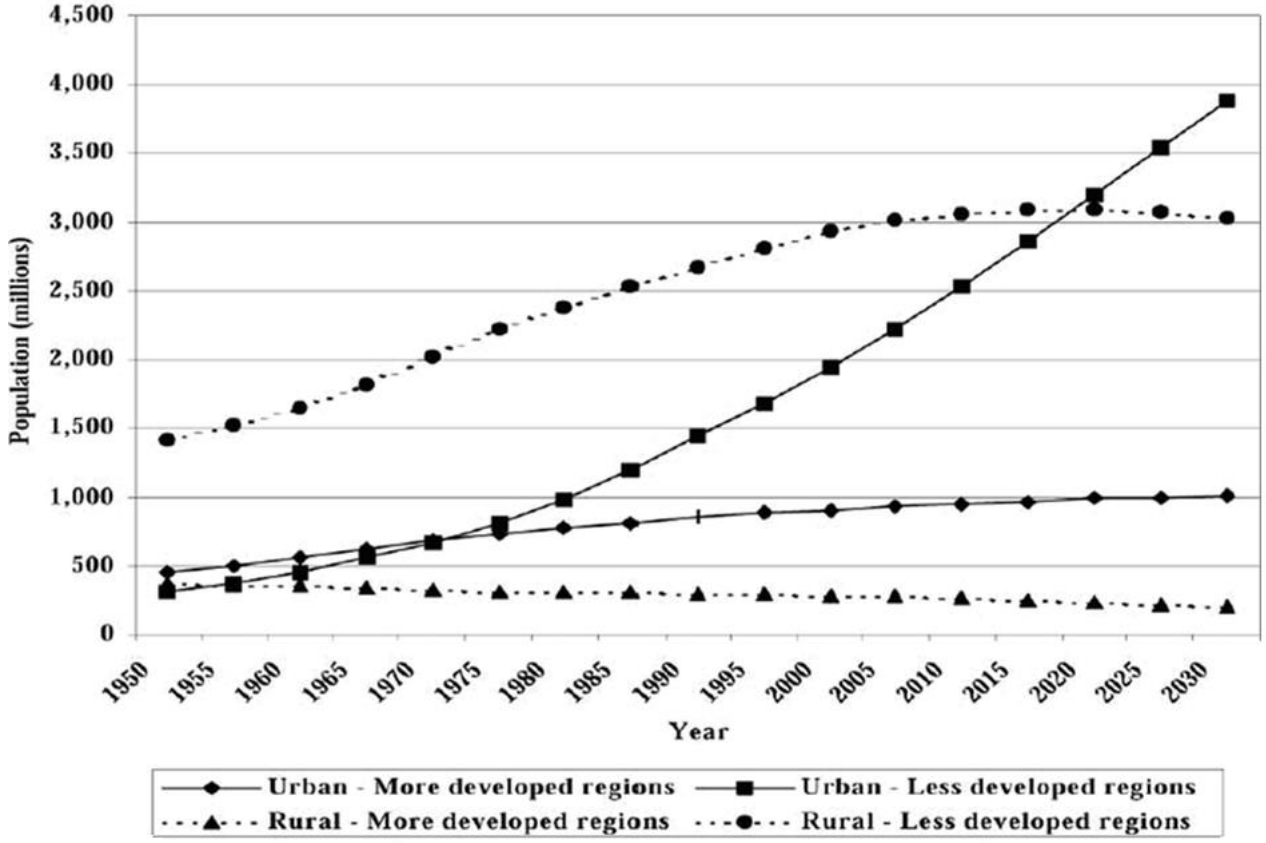

Question 1	**No. of respondents**	
	Yes	**No**
(I have visited the urban garden at Green Hub @ Bishan before.)	**36**	**6**

Question 2	**No. of respondents**			
	All the time	**Often**	**Sometimes**	**Never**
(I use the community fridge at Green Hub @ Bishan.)	**3**	**10**	**14**	**15**

Question 3	**No. of respondents**			
	Strongly agree	**Agree**	**Disagree**	**Strongly disagree**
(Green Hub @ Bishan has encouraged me to adopt sustainable practices at home.)	**3**	**21**	**10**	**8**

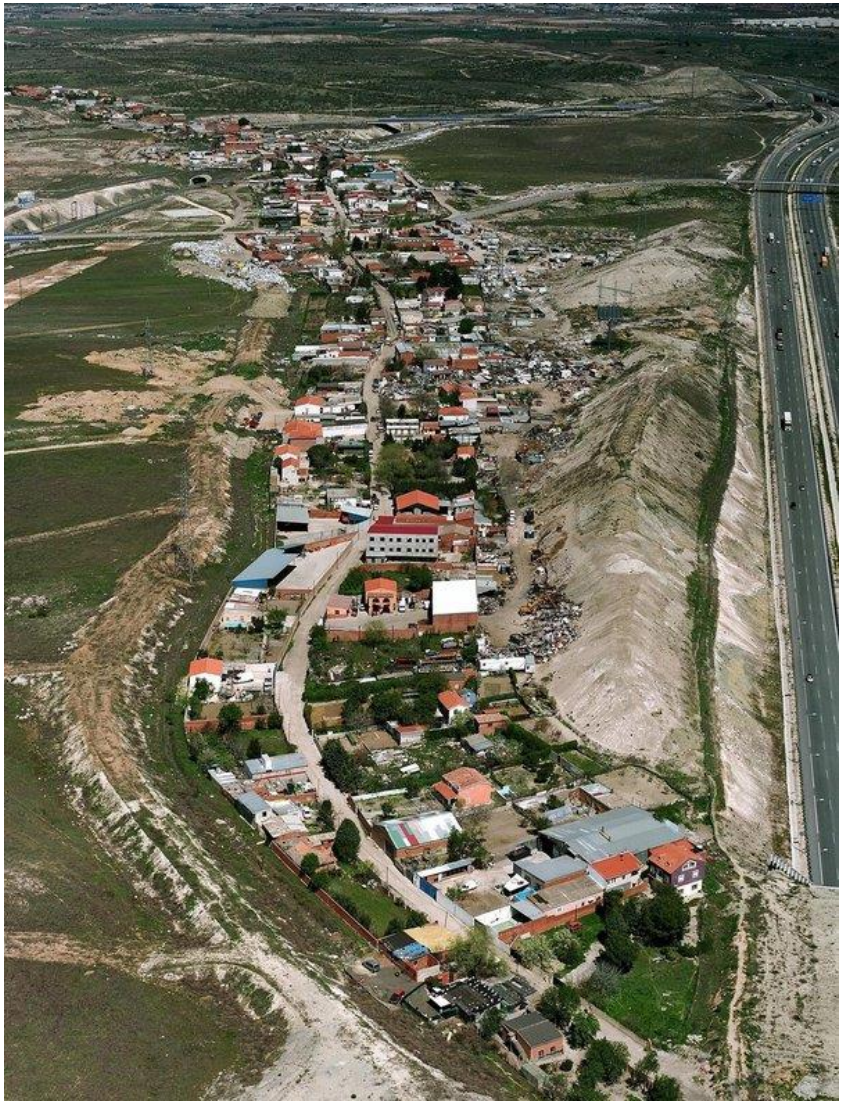

Resource 4 for Question 2

Population growth in urban and rural areas in more developed regions and less developed regions, 1950 to 2030

Resource 5A for Question 2

Aerial view of the Cañada Real settlement in Madrid, Spain

Resource 5B for Question 2

An example of a dwelling in the Cañada Real settlement in Madrid, Spain

Resource 6 for Question 2

Living conditions in Cañada Real, Madrid, Spain

Conditions of access to the electricity supply and to street lighting (% of population)					
Electricity supply				Street lighting	
Legal contract	Irregular connection	Solar panel	No supply	Available	Unavailable
6	93	0.1	0.1	5	95

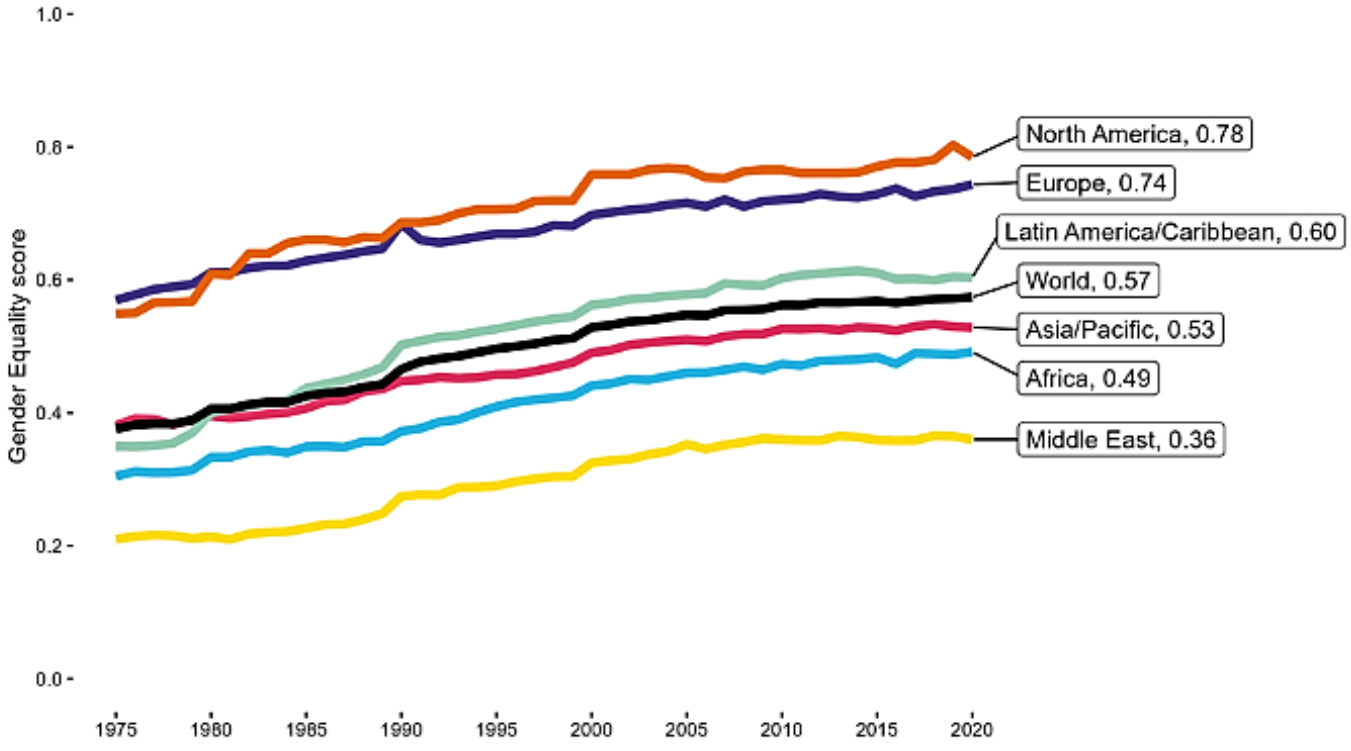

Conditions of access to sanitation (% of households)		
Sanitary sewer[1]	Cesspool[2]	Without sanitation
16.4	44.5	25.9

[1] Sanitary sewer - A sanitary sewer is an underground pipe or tunnel system for transporting sewage from houses and commercial buildings to a sewage treatment plant or disposal.

[2] Cesspool - A cesspool is a shallow, underground structure for disposing of sanitary waste. Sanitary waste enters the cesspool and seeps out through an open bottom and/or perforated sides.
