TAMPINES MERIDIAN JUNIOR COLLEGE

JC2 PRELIMINARY EXAMINATION

CANDIDATE NAME	
CIVICS GROUP	

H2 GEOGRAPHY **9173/01**

Paper 1 **18 September 2025**
3 Hours

Additional Materials: 12 Page Answer Booklet
1 Insert

READ THESE INSTRUCTIONS FIRST

Write your answers in the answer booklet provided. You should follow the instructions on the front cover of the answer booklet. If you need additional answer paper, ask the invigilator for a continuation booklet.

Answer **all** questions.

The Insert contains all the Resources referred to in the questions.
You should make a reference to appropriate examples studied in the field or the classroom, even where the examples are not specifically requested by the question.
Diagrams and sketch maps should be drawn wherever they serve to illustrate an answer.
You are reminded of the need for good English and clear presentation in your answers.

The number of marks is given in the brackets [ ] at the end of each question or part question.

Section A

Answer **both** questions

Cluster 1: Development, Economy and Environment

1 Resource 1 shows the GDP growth of selected ASEAN countries.
Resource 2 shows US tariffs on different ASEAN countries, with proposed additional tariffs.
Resource 3 shows ASEAN nations' exports to major destinations.
Resource 4 shows 2023 SDG levels and trends for ASEAN countries on selected SDG indicators.

(a) Using Resource 1, describe the changes in GDP growth for all the selected ASEAN countries from 2024 to 2025. [4]

(b) Suggest reasons for the differing changes in GDP growth for the ASEAN countries in Resource 1. [4]

(c) Using Resources 2 and 3, explain how the proposed additional tariffs can have differing impacts on ASEAN countries. [6]

(d) Explain what states can do to mitigate the impact of proposed additional tariffs by US as shown in Resource 2. [6]

(e) Using Resource 4, compare SDG levels and trends for Singapore and Malaysia. [4]

(f) Account for the difference in the SDG trends between Singapore and Malaysia. [6]

Cluster 2: Tropical Environments

2 Resource 5 shows the map and climograph of Dhaka, the capital city of Bangladesh.
Resource 6 temporal patterns in river discharge measured at a research station situated at the lower course of the Padma River in Bangladesh.
Resource 7 shows the forecast of Tropical Cyclone Remal in May 2024.
Resource 8 shows land cover maps of Dhaka metropolitan area from 1989 to 2009.

(a) Describe the climatic characteristics of Dhaka, Bangladesh as seen in Resource 5. [4]

(b) Account for the climatic characteristics of Dhaka, Bangladesh as shown in Resource 5. [6]

(c) Suggest how the river discharge shown in Resource 6 may influence the development of fluvial landform(s). [4]

(d) With reference to Resource 7, describe the track and development of Tropical Cyclone Remal. [4]

(e) Explain how tropical cyclones develop. [6]

(f) With reference to Resource 8, explain how impacts of fluvial floods could have differed between 1989 to 2009. [6]

Section B

Answer **either** question 3 **or** question 4 and answer **either** question 5 **or** question 6.

Cluster 1: Development, Economy and Environment

3 'Thomas Malthus' views on the limit imposed by the natural environment on population numbers is correct.' [20]

Evaluate this statement.

4 'Transnational Corporations (TNCs) do more good than harm to countries where they are located.' [20]

Evaluate this statement.

Cluster 2: Tropical Environments

5 Evaluate the view that natural factors are the most important in influencing the movement of materials on slopes. [20]

6 Evaluate the influence of different factors in the formation of Karst landforms. [20]
