Insert

3 Hours

READ THESE INSTRUCTIONS FIRST

Write your name and class in the spaces at the top of this page.
Write in dark blue or black pen.
You may use a pencil for any diagrams or graphs.
Do not use staples, paper clips, highlighters, glue or correction fluid/tape.

Section **A**.
Answer **both** questions.

Section **B**.
Answer **two** questions, one from each cluster.

The use of an approved scientific calculator is expected, where appropriate.

The number of marks is given in brackets [ ] at the end of each question or part question.

At the end of the examination, fasten all your work securely together.

Section A

Answer **both** questions.

Cluster 1: Development, Economy and Environment

1 Resource 1 shows the distribution of international migrant workers (%) by region of destination in 2022. Resource 2 shows major free trade agreements of Singapore. Resource 3 shows a newspaper article on small and medium-sized Enterprises SMEs in Indonesia. Resource 4 shows the share of companies using Artificial Intelligence (AI) in 2021.

(a) Using Resource 1, describe the global distribution of international migrant workers by region of destination in 2022. [4]

(b) Suggest reasons for the global distribution of international migrant workers by region of destination, as seen in Resource 1. [4]

(c) Using Resource 2, explain how free trade agreements can impact a country's economy, such as that of Singapore's. [6]

(d) With reference to Resource 3, explain measures the Indonesian government can take to support its Small and Medium-sized Enterprises (SMEs). [5]

(e) Describe the share of companies using Artificial Intelligence (AI) globally in 2021, as seen in Resource 4. [5]

(f) With reference to all the Resources, explain if globalisation has created more problems or benefits for countries like Singapore. [6]

Cluster 2: Tropical Environments

2 Resource 5 shows the relationship between the Inter-tropical Convergence Zone (ITCZ) and tropical cyclones. Resource 6 shows the development of Hurricane Gustav. Resource 7 shows the fluctuations of the Indian Summer Monsoon Rainfall from 1871 to 2023. Resource 8 shows the variation in the effect of El Niño in various parts of the Asia-Pacific region.

(a) Using Resource 5, explain the relationship between the Inter-tropical Convergence Zone (ITCZ) and frequency of tropical cyclones. [4]

(b) Using Resource 5 and Resource 6, describe the development of Hurricane Gustav. [4]

(c) Explain how atmospheric and oceanic conditions differ between El Niño and La Nina events. [6]

(d) Describe the variations in the Indian Summer Monsoon Rainfall from 1871 to 2023 as seen in Resource 7. [4]

(e) With reference to Resource 8, account for the variations in the impact of El Niño in various parts of the Asia-Pacific region. [6]

(f) Explain how floods can result from both natural and human factors. [6]

Section B

Answer **two** questions from this section.

Answer either Question 3 **or** Question 4, and answer **either** Question 5 **or** Question 6.

Cluster 1: Development, Economy and Environment

3 "Countries with extractive industries will inevitably suffer from the resource curse."

Evaluate this statement. [20]

4 Evaluate the impact of global production networks (GPNs) of transnational corporations (TNCs) on the home and host economies. [20]

Cluster 2: Tropical Environments

5 Evaluate the success of strategies to manage fluvial floods. [20]

6 "Humans are more responsible for the movement of materials on slopes than natural factors".

Evaluate this statement. [20]
